

IN THE CLAIMS:

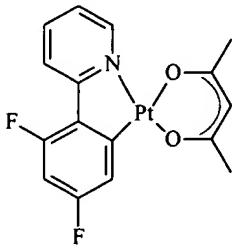

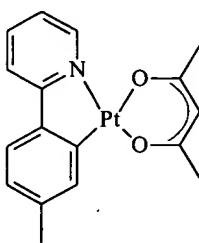

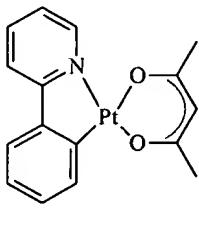

✓ Please cancel claims 4-8, 10 and 11 without prejudice.
✓ Please amend claims 9 and 12 as follows:

b. (Amended) An organic light emitting device including an emissive layer comprising an organometallic compound, wherein the organometallic compound has a chemical structure represented by a formula selected from the group consisting of:

and

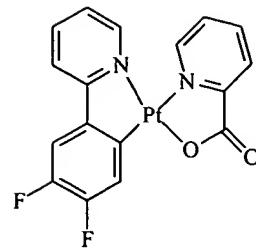

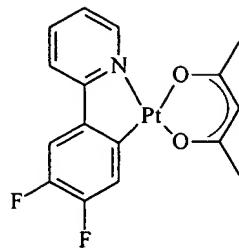

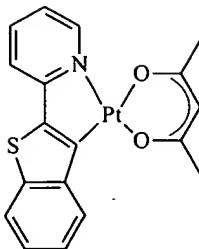

c *V12.* (Amended) An organometallic compound ~~comprising~~
~~a compound~~ having a chemical structure represented by a formula selected from the group
consisting of:

[2]

26

B

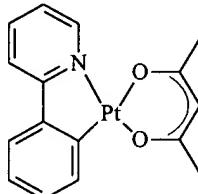

, and

Please add new claims 13-19 as follows:

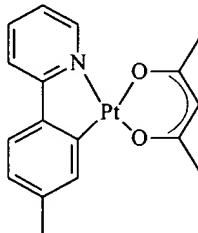

3. (New) The organic light emitting device of claim 9, wherein the organometallic compound has a chemical structure represented by the formula:

T0270

4. (New) The organic light emitting device of claim 9, wherein the organometallic compound has a chemical structure represented by the formula:

T0271

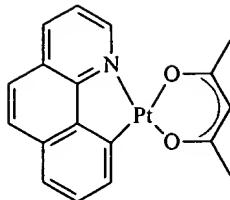

5. (New) The organic light emitting device of claim 9, wherein the organometallic compound has a chemical structure represented by the formula:

{3}

27

B

T0280

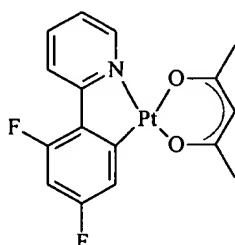

6

16. (New) The organic light emitting device of claim ~~9~~, wherein the organometallic compound has a chemical structure represented by the formula:

B3
cont'd

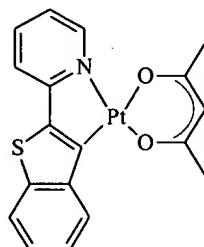

T0281

7

17. (New) The organic light emitting device of claim ~~9~~, wherein the organometallic compound has a chemical structure represented by the formula:

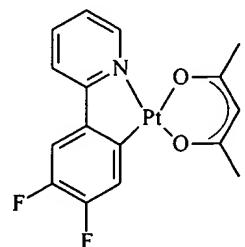

T0282

8

18. (New) The organic light emitting device of claim ~~9~~, wherein the organometallic compound has a chemical structure represented by the formula:

T0283

[4]

28

B
